SQAR No. 20

PAGE 1 OF 1

The requirement outlined below, as specified on this purchase order and subsequent amendments, forms in integral part of the purchase order between Horstman Canada Inc. and the seller. The requirement shall remain in force for the duration of this purchase order only, unless deviation is authorized in writing by Horstman Canada.

20 Government Source Inspection (GSI)

Government source inspection is required on this purchase order. The statement below now becomes part of the purchase order:

"Government Quality Assurance is a requirement of this order. Arrangements must be made promptly with the Quality Assurance representative for your area or facility so that appropriate GQA can be accomplished prior to release authorization."

Note: Three days written notice is required prior to submission for inspection for resident and seven days for itinerant Government Representatives. Obtain Government Inspection prior to shipment. Receipt of supplies at Horstman Canada without GSI may be cause for rejection. GSI shall not replace supplier inspection nor relieve the seller of their responsibility of furnishing an acceptable item.
