

HORSTMAN CANADA
SUPPLIER QUALITY ASSURANCE REQUIREMENTS
SQAR No. 9

PAGE 1 OF 1

The requirement outlined below, as specified on this purchase order and subsequent amendments, forms in integral part of the purchase order between Horstman Canada Inc. and the seller. The requirement shall remain in force for the duration of this purchase order only, unless deviation is authorized in writing by Horstman Canada.

9. Standard Process Analysis

When the drawing makes reference to final finish surface processes such as Cadmium, Zinc, Chrome, Anodizing, etc., the material must be processed in accordance with the applicable specification, including hydrogen embrittlement relief where applicable. The plater shall maintain records of results of the sampling tests conducted for ten years minimum. Certification shall be supplied in accordance with SQAR 17.
